

Charlotte Central School / Town of Charlotte Ski + Ride Program

Dear Student and Parent:

The students who participate in the Charlotte/CCS Ski + Ride Program must realize that they take on some responsibilities. Your signatures on the bottom of this letter mean that you have considered and agree with the following:

1. You represent yourself, Charlotte, and Charlotte Central School. You should behave in a respectful and responsible manner. Consequences for inappropriate behavior may include dismissal from the program. Please use common sense and good manners as your guide.
2. If you are involved in damage to CCS, public or private property, you will be required to make restitution to the owner.
3. Transportation to and from Bolton Valley is provided by the program by bus, and, in some cases, private cars driven by parents or chaperones. You must have permission from a parent or guardian to ride to or from Bolton Valley in a private car. You must let one of the Program directors know if you are not riding the bus coming back to CCS.
4. Bus safety and etiquette: Students agree that they will remain seated, (not on their knees facing backward), while the bus is moving, and use their "indoor voices". It is important we do not distract our bus drivers for a safe journey.
5. Please arrange for transportation home as soon as the bus returns from Bolton. It is difficult for chaperones to remain at school until late rides arrive.
6. All participants and parents agree to watch the following 2 Bolton Valley safety videos before the program begins.... <https://www.youtube.com/watch?v=k1EgIfMag7k> , + <https://www.youtube.com/watch?v=4Y7ICN7SKiY>

Thank you for helping us continue to run a successful program!
